

How to use forums (for the first time):

Step 1: Go to www.tcfmarietta.freeforums.org

Step 2: Click Register (See red arrow below)

Step 3: Fill out info (your username will be seen by everyone when you post). Do the little math problem to get the confirmation code and then click “I agree to terms” then click submit.

Step 4: This is where it gets tricky. They will try to get you to accidentally click on a sponsor offer. Make sure you don't check any boxes. The only thing you want to click is where it says “Submit and Continue”. See below where the red ARROW is pointing. After you click this it will send you back to the login page and you can log in.
